### **SKI LEAGUE 2010**

The **Jackrabbit** Ski League is a Canada-wide program that teaches ski skills in a fun environment to children. Over the years, this has been a dynamic addition to the North Bay Nordic ski scene, and it has contributed greatly to the enhanced skiing ability of our membership.

The **Bunnyrabbiter Program** introduces four and five year olds to ski with fun activities, games and snacks. The leader-to-skier ratio is small, and the sessions are a half-hour shorter than the Jackrabbit sessions.

The **Jackrabbit Program** provides the basis of instruction for the more advanced programs. Skiers aged 6 to 12, enjoy group lessons, games and activities on snow, fun races, snacks and a year end celebration. Skate skiing is introduced at Level 3. For Level 3 to Track Attack, your child would benefit from either Combi equipment **or** Skating and Classic equipment. Please feel free to contact us if you have any concerns or questions regarding ski equipment.

The **Track Attack** and the **Development Team**, serve older and more experienced Jackrabbit skiers (ages 10 to 13+) with a more challenging environment.

**Track Attack** is designed for those who do not aspire to race.

The **Development Team** caters to those with an interest in racing, and coordinates some of their activities with the Junior Racing Team.
